Evergreen Nursery Co.

STURGEON BAY, WISCONSIN

Established 1864

ONE MOMENT PLEASE! Remember, when buying stock from us you are getting material propagated under vigorous climate, and ideal soil conditions. Stock has to be hardy to thrive up here in northern Wisconsin. Our soil conditions produces a root system that we are just egotistical enough to believe can't be beat anywhere.

Our sixty-six years of successful evergreen growing makes us especially fitted to supply the trade with an excellent grade of material at prices you can't afford to overlook.

TRANSPLANTED EVERGREENS

Norway Spruce—

A hardy rapid grower. Great for Christmas trees and windbreaks. Plant several thousand of the once transplanted trees now and get in on the ground floor for the huge Christmas tree market that is rapidly developing.

Am. Arbor Vitae—

Extensively used as a hedge plant, screen work, and specimen planting. We are headquarters for Am. Arbor Vitae growing all our trees from seed that has been collected by ourselves from upland specimen trees. This produces an exceptionally hardy tree. Our Am. Arbor Vitae do not winter injure. Our sales on this item vouch for the above.

EVERGREEN SEEDLINGS

In the growing of seedlings the importance of seed sources cannot be over emphasized. We spare no effort in securing that we know is reliable and is collected only from true types. All native seed is collected by our own men. We have a particular section of sandy loam land on which we grow our seedlings. This produces a far better root system than is usually found on seedlings.

Our Norway Spruce seedlings are healthy vigorous stock, and would be a source of real satisfaction to you.
